PIRACY SURCHARGE

The transit of Container Ships off Somalia, Kenya and Tanzania coasts is still subject to additional high costs due to increased insurance premiums and other costs, caused by the prevailing risks of piracy in the area.

Delmas - CMA CGM have taken all steps to ensure security of its vessels sailing through this area. The vessels cross at increased speed, and whenever available take part in convoys protected by coalition warships.

As the situation worsened, Delmas is increasing the surcharge on cargos crossing this area.

The amount will be USD 100/Teu (Piracy Surcharge) as from March 1st, 2010 (date of receipt at terminal).

This surcharge comes in addition to any Rate Agreement.

We thank you for your support and remain at your disposal.
